### Vocal Music Analysis

Listen to the given musical work. Write down your first impressions. Add to your list by a re-listen or by examining a text of the words.

**A. Complete the chart below with people, places, objects, and events noted in the music:**

People	Places	Objects	Events

- B. In your own words, describe what thoughts or feelings the song created for you?**
- C. Why do you think the song was written? What was the composer trying to communicate?**
- D. What can you tell from the song about the culture in which the song was written?**
- E. What questions does the song raise in your mind?**
- F. Where could you seek answers to your questions?**
